## **Proposed 2026**

### **Budget**

#### General Comments

- The proposed budgeted 2026 tax revenues assumes a slight digest increase.
- There has been steady growth in several major General Fund revenue sources. These include Sales Tax collections, Franchise Taxes, and Insurance Premium Tax.
- Motor Vehicle taxes are expected to stay flat, and Rental Fees based on recent revenue activity are expected to be up slightly from 2025.
- The required City contribution for Retirement (GMEBS) has increased by \$367,026 from 2025. We are contributing over the required contribution in 2025 and have adjusted across all funds for 2026. The required 2026 GMEBS contribution is \$5,812,782, up from \$5,445,756 in 2025. We have budgeted to contribute slightly over what is required as has been the goal consistently over the years. We will see a larger required contribution in the next few years with the recent pay adjustment implementation. The 401 match is continuing at the 2.5% level for those employees that participate.
- We have reinstated the Workers Compensation contribution for 2026. We have experienced lower than expected work comp claims during the last few years and utilized these funds for Health Insurance during a very difficult few years of claims. For Health Insurance we are increasing the required city contribution from \$14,000 per employee to \$16,000 per employee for 2026. This has an impact of about \$1.3M city-wide. We were required to pass a large increase along to employees as well. We have seen minimal increases over the last few years, but due to higher-than-expected claims, these increases were necessary.
- The 2026 budget includes the following new authorized positions:
  - Human Resources – Field Safety Position to be funded by General and Water
  - Street Department – Two Additional Facilities Landscape Positions
  - Forum Contract Service Employee from Contract to Employee for Event Services
- The General Fund is a balanced budget with the use of fund balance of \$3.8 million and an increase in operational expenses of about 7.2%.
- A 2% Cost of Living Adjustment will be implemented as of 1/1/26 for all full-time employees with a possible additional 0-2% merit on the employee anniversary date.
- We remain in the planning phase concerning transportation services for 2026 and how to implement going forward. We have disposed of all Tripper buses and have now received guidance from GDOT and FTA on how to proceed with payback plan. We will be using the annual TTFP State Grant awards funded by Uber and Lyft fees collected by the state.
- Fuel costs are anticipated to be in line with 2025.

## Proposed 2026 Budgets

### General Fund

<u>Page No.</u>	<u>Revenues</u>
2	Ad Valorem Tax revenues assume a slight increase in the tax digest.
2	Tag/Title fees have remained strong and have leveled out and are anticipated to be consistent with 2025.
2	Motor Vehicle Ad Valorem is expected to stay flat. We assume this is due to the consistency of vehicles and properties that are still billed in this manner. This revenue source has decreased less than anticipated.
2	Local Option Sales Tax (LOST) is budgeted to remain steady with a slight increase for 2025. This is based on the LOST percentage split that began in 2023.
2	Intangible taxes are projected to be down from 2025.
3	Most licenses, permits and fees are budgeted to be level with 2025 based off recent revenue activity.
3	Interest and Costs have continued to increase slightly over the last few years, and this is reflected in the 2026 budget.
3	Police Fines/Forfeitures have seen a slight increase during the last few years and are budgeted to be slightly above 2025 in 2026.
3	Interest on Investments has continued to remain strong with a slight decrease during 2025. We expect more decreases during 2026 but are optimistic that earnings will remain strong.

<u>Page No.</u>
